COUNCIL OF VICE CHANCELLORS

Dear Colleagues:

I am writing to remind you of the appropriate level of authority for approving faculty recall appointments, as well as restrictions on percentage of effort for Recalled faculty. As specified in APM - 200-22-d, Chancellors make the final decision on recall appointments. Due to potential Medicare complications, all Recall appointments including teaching, research, administrative work, and summer session, should not exceed 43% effort. A Chancellor’s authority to approve recall appointments at greater than 43% may not be re-delegated.

Recalled faculty must be paid at a rate that reflects their base salary at the time of retirement, either on the appropriate Recall Faculty Salary Scale or at a recall rate as outlined in APM - 200 Appendix A, Pre-Retirement Recall Guidelines for Faculty Recalled for Post-Retirement Teaching. In keeping with the restriction on percentage of appointment outlined above, the total salary, including any stipends, should not exceed 43% of the pre-retirement salary rate.

As you know, concerns around post-retirement rehires are very strong. It is important that proper procedures are followed and proper approvals are obtained for all Recall appointments.

Sincerely,

Wyatt R. Hume
